**Well deserved!**

# Current Standings

**1st: Ark - 15 Points**

**2nd: Ohana - 14 Points**

**3rd: Ibutho Army - 13 Points**

**4th: Golden Wolves - 12 Points**

## **From Managing Editor**

Family is at the heart of boarding life. It is built through shared experiences, mutual support, and the values we live out each day. This edition of our Boarding House Magazine celebrates Family Week, a meaningful time in which our boarding community came together in spirit, participation, and unity.

During the week, students participated in a variety of friendly competitive activities, including soccer, touch rugby, basketball, quiz night, and the ever-popular cook-off. While healthy competition was evident, the greater focus remained on teamwork, respect, and fellowship. These moments reminded us that success is not only measured by results, but by character, effort, and how we support one another.

Family Week also served as an opportunity for students to step outside their comfort zones, develop leadership skills, and strengthen friendships. In every activity, we witnessed enthusiasm, cooperation, and a shared sense of belonging; values that reflect both our boarding house ethos and our Christian foundation of love, service, and community.

This issue captures those moments of joy, growth, and togetherness. I extend my sincere thanks to the staff, organisers, and students whose dedication made Family Week a success. Your commitment continues to shape our boarding house into a place that is not only well-structured, but welcoming and nurturing.

As you read through these pages, may you be reminded that our boarding house is more than a residence. It is a family where we learn, grow, and support one another.
